PRESS RELEASE

August 3, 2005, Düsseldorf

New order for SMS Meer

Ferrosider orders finishing line and online straightener for light-medium sections

The bar steel manufacturer Ferrosider, Italy, has placed an order with SMS Meer S.p.A., Italy, for the supply of equipment for the finishing line and for online straightening of sections for their mill in Ospitaletto near Brescia, Italy.

The scope of supply includes the equipment for cooling of the sections and layer transfer facilities, a complete multi-strand straightening group including quick straightening roller changing and all ancillary devices. The order also covers the electric equipment and automation as well as the supervision of erection and commissioning.

The new equipment will be installed in a mill with a capacity of 90 tonnes per hour

SMS Meer S.p.A. forms part of the Tube, Long Product and Forging Technology Business Area of the SMS group.
